No. 314.

Notification by the Board of Revenue, Lower Provinces.

With the sanction of the Government of Bengal the following revised and consolidated Rules for the sale of unassessed Waste Lands in the Lower Provinces of Bengal, and for the redemption of the revenue of such lands already granted for a term of years, are published for the guidance of all Officers under the Board and for general information.

The main purpose of this re-publication is the simplification of the existing Rules by the consolidation into one Code, of the Rules heretofore issued, partly by the Government of Bengal, and partly by the Board of Revenue under authority from the Government of Bengal.

But the following revisions and alterations have been introduced in the new consolidated Rules :—

In Rule 3 a provision has been introduced to enable the Board of Revenue to relax, upon sufficient cause shewn, the Rule which limits the length of road or river frontage in each grant to one-half the depth of the lot. The relaxation is intended to meet the case of allotments on the borders of very winding roads or rivers to which the old Rules could not be literally applied.

In Rule 14 (old Rule 13) the word "masonry" has been omitted, as masonry boundary pillars may often be unnecessary, and a provision has been added to enable the Collector to compel the erection of such boundary marks as he may think necessary within a fixed time. It has not been thought necessary to re-publish the old Supplementary Rule O., though it will continue in force, should any applications be made under the Resolution of the Supreme Government, dated the 17th October 1861.

Forms of Deeds for the grant of Waste Lands before survey are added to those heretofore published.

All the other additions to the Rules have been published from time to time and require no special notice here.

R. B. Chapman,
Secretary.

Board of Revenue, L. P., }
13*th October* 1863. }

RULES FOR THE SALE OF UNASSESSED WASTE LANDS IN THE LOWER PROVINCES OF BENGAL, AND FOR THE REDEMPTION OF THE REVENUE OF SUCH LANDS ALREADY GRANTED FOR A TERM OF YEARS.

Published by authority of the Government of Bengal.

1. All unassessed Waste Lands in which no right of proprietorship or exclusive occupancy is known to exist, or to have existed and to be capable of revival, are available for purchase under these Rules, unless specially reserved under Rule 21.

2. No greater quantity of land than three thousand acres shall be sold in one lot except with the express sanction of the Government. If, for special reasons, in particular localities, a lower maximum area than three thousand acres should be determined upon, it will be duly notified hereafter. There is no prohibition against the same person applying for two or more lots of land, provided that each application comprises no more than 3,000 acres, or such other maximum as may be prescribed.

3. Every lot shall be compact, and shall include no more than one tract of land in a ring fence; and when the land touches a public road or a navigable river the length of the road or river frontage shall not exceed one-half the depth of the lot, provided that if, for any special reason, the Board of Revenue shall see fit to relax this restriction it shall be competent to it to do so. If it should appear, from the survey or otherwise, that the application does not comply with these conditions, the Collector may call for an amended application; and, in the event of a revised application not being given in within fifteen days, the application shall be held to be cancelled, and the deposit shall be returned to the applicant, less the amount of expense actually incurred for advertisement, survey, and the like. [No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If, on completion of the survey, it shall appear that the area of the lot applied for exceeds the prescribed maximum, the excess shall be excluded.]

Note.—The portion of this Rule within brackets and the connected provisions of Rule 6 have been temporarily suspended in the Districts of Assam, Cachar, Sylhet, and Darjeeling, the whole area remaining hypothecated for any deficiency in the price paid which may appear on the completion of survey.

4. Applications for the purchase of Waste Land shall be made to the Collector of the District, and every application shall contain the following particulars :—

1*st.*—The estimated area of the land applied for.

2*nd.*—The situation of the land and its boundaries as accurately as can be ascertained.

Applications shall immediately be entered in a Register. (Revenue Form No. 35.)

5. If the Collector be satisfied that the land applied for is available for purchase, and within the conditions prescribed in Rules 2 and 3, and if it have been previously surveyed and demarcated, he shall advertise the lot for sale on a given day at an upset price of not less than two Rupees eight annas an acre on the whole area. The advertisement shall be published in the Collector's Office, in the Court of the Principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situate. An advertisement shall also be published in the *Government Gazette* in the Form A. A sum of sixteen Rupees to cover all estimated expenses connected with advertising shall be paid by the applicant in advance at the time of application.*

* All sums received for advertisement expenses under this Rule are to be credited in account in a separate entry as "Waste Land Advertisement Expenses" under "XV., Miscellaneous;" and all expenditure for local advertisements, &c., is to be included in the Office Contingent Bill, and, when passed, debited in a separate entry with the same title under "F., IX." Local Officers will not remit the cost of avertising in the *Government Gazette* to the Printer, as arrangements have been made for paying this charge in Calcutta.

6. If the Collector be satisfied as above, and if the land have not been surveyed, he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. The sum to be deposited for survey, &c., will be calculated at the rate of six annas an acre for grants estimated at less than 1,000 acres in area, and at the rate of four annas for larger grants. The sums so calculated will be taken in full payment of the expense of actually surveying the lands; but the cost of clearing the boundaries, which will be estimated by the Collector, is to be deposited in addition to the survey expenses calculated as above. On the completion of the survey the advertisement of sale shall be published as above.

7. The day of sale under Section I., Act XXIII. of 1863, must not be less than three months after the issue of the notice. Collectors will on no account, except under special instructions from the Board, fix a later date than the first monthly sale-day after the expiration of the third month from the issue of the notice. Sales shall be held on the 2nd of each month, or on the first day after that date on which the Collector's Office may be open, unless the Collector shall, with the sanction of the Commissioner, for special reasons, fix a later date in the month; when, for any reason, a sale is deferred from the date originally fixed in the advertisements, notice of the date to which it is deferred will be given by an advertisement at the Collector's Office. If the day to which the sale is postponed be more than fifteen days after the date originally fixed, the date to which it is deferred shall be published in the manner prescribed by Rule 5, for the original notification of the day of sale. In this case all expenses of advertisement shall be borne by the Government. The cost of survey and advertisement will be payable by the highest bidder in addition to the upset price. Immediately on the conclusion of the sale the highest bidder (if he be not the original applicant) shall deposit a sum equal to four annas an acre on the whole area of the lot. In default of immediate payment of this deposit the Collector may at once re-sell the lot. If he think it necessary he may refuse to recognize any bid which is not supported by the deposit of the amount required by this Rule. Immediately a sale is made it shall be entered in a Register (Revenue Form No. 39.)

8. If before the day of sale no claim to proprietary or occupative right in the land be preferred the lot shall be sold by auction to the highest bidder above the upset price, or to the applicant at the upset price if there be no higher bid. No claim except a claim to proprietary right in the land is one which, if well founded, will of itself operate to stay a sale. Claims of occupancy or user, if proved, may be met, and will probably, in most cases, be met by selling the land subject to condition or reservation. But if objections be taken to the sale on the ground that it will interfere with the due exercise of such alleged rights of occupancy or user, the question whether such objection ought to operate as a bar to a sale subject to condition or reservation is a question for the Collector to decide under Section IV. of the Act. Collectors, however, in deciding such questions, should take care that no unnecessary obstruction is thrown in the way of the free disposal of Waste Lands belonging to the State, and that no such objection be allowed to stop a sale unless it be clearly shewn that the interests of the objectors will be materially and injuriously affected by the transfer of the land from the Government to a private purchaser. Collectors should also endeavor to facilitate compromise between intending purchasers and objectors of this class. The Collector will be careful, at the time of selling, to make known the rights subject to which the lot is sold, and also that the Government reserve the right of using all streams and canals for public traffic, for which purpose a tow-path, twenty feet in width, will be reserved on each side of each stream and canal, as defined in the Forms of Deeds of Transfer referred to in Rule 9.

9. On payment of one-tenth of the purchase money, and of all expenses of survey, demarcation, advertisement, and sale, the purchaser shall receive a Deed signed by the Collector conveying to him the lot, in full hereditary and transferable proprietary right, free, for ever, from all demand on account of land revenue, but subject, nevertheless, to all general taxes and local rates imposed by law, and to any other claim, whether of the Government or otherwise, that may have been or may hereafter be established in any Court of competent jurisdiction. Forms of Deeds will be found in the Appendix as follows :—

Form D.—For sale of Waste Lands where the consideration is paid in full at the time.

Form E.—To be endorsed on Form D., where the grant is made before survey and the whole of the estimated purchase money is paid at once.

Form F.—To be endorsed on Form D., where the land has been surveyed before grant, but the whole purchase money is not paid at the time of sale.

Form G.—To be endorsed on Form D., where the grant is made before survey, and where the whole purchase money is not paid at once.

Form H.—For redemption of land revenue.

Form I.—To be endorsed on Form H., where the whole commutation money is not paid at once.

10. If before the day of sale a claim to proprietary or occupative right in any part of the land be preferred, the Collector shall proceed as directed in Sections II., III. and V., Act XXIII. of 1863. In Non-Regulation Districts, where the duties of Judge as well as Collector are vested in the Deputy Commissioner, it will generally be convenient that the preliminary enquiry be carried on by the Assistant Commissioner, vested with the powers of a Deputy Collector, as the Deputy Commissioner may subsequently be required to sit as a Judge in the same case in a Court constituted under Section VII.

11. Should the sale have been deferred under Section III. in consequence of an objection having been made, and should such objection be eventually over-ruled, either by an order of the Revenue Authorities which has become final under Section V., or by a decision of the Special Court, the Collector shall issue a second Notification of sale in the annexed Form B. This Notification shall be issued in the manner prescribed for the first notice by Rule 5 above at the expense of the applicant. A Form of notice C. is annexed, intimating to a claimant or objector, as required by Section V. of the Act, that his claim or objection has been rejected by the Collector.

12. If the Collector shall consider the claim or objection to be established, and that the sale or other disposition of land should not take place, he shall stop the sale or other disposition of land as directed in Section IV. of the Act. If the application for purchase of the land be rejected, the amount deposited as cost of survey will be forfeited.

13. If the land be purchased by any person other than the applicant the estimated cost of survey deposited by the applicant shall be returned to him.

14. On being put in possession of the lot the purchaser shall be bound to erect as many substantial permanent boundary marks in such a manner and within such given time as the Collector may think necessary. If the purchaser neglect to do so, the Collector may have it done and recover the cost by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than ten per cent at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case simple interest, at the rate of 10 per cent. a year, will be charged on the unpaid portion of the purchase money; and the whole lot will remain hypothecated as security for the full discharge of the amount, including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period.

The interest due for any year or part of a year under this Rule shall be payable on or before the 15th of May, and if the amount be not paid on that date the Collector may realize the amount by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates. Any balance of the purchase money which may not have been paid up before the 15th of May of the tenth year following that of the sale may be realized in the same manner as an arrear of interest outstanding on that date. The proceeds of the sale shall be applied, in the first instance, to the payment of the costs of sale, and to the satisfaction of the demand of Government. The surplus shall be payable to the late registered proprietor, or proprietors, on their joint receipt.

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale the lot will be put up to sale again on the same conditions as before and sold at the risk of the first purchaser, whose deposit will also be forfeited.

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily the upset price will be two rupees eight annas an acre, but, in special cases, the Collector, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that the upset price of available Waste Lands shall in no case exceed ten rupees an acre.

Where the Collector is of opinion that for special reasons a higher upset price than Rs. 2-8 an acre should be put upon the lot, he will, as soon as the application is made, submit a Report for the orders of the Commissioner. From Darjeeling such Reports will be made to the Board. In considering the upset price to be fixed Collectors will not overlook the value of the trees on the land applied for.

18. If it should, at any time, be found that the same land has been included in more than one lot, it shall be held to belong to the lot first sold, and all subsequent sales shall, as regards such land, become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots the Collector may, on the application of any one of the parties, re-adjust the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

The sum to be refunded will be calculated on the average price paid per acre, excluding the cost of survey and advertisement.

19. All grants of Waste Land already made for a term of years under previously existing Rules in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or the representatives may redeem the future land revenue of such grants, or of any compact part of them, in perpetuity, for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent. interest, provided the said amount is not less than two rupees eight annas an acre on the whole area of which the revenue is redeemed. Tables for use in commuting existing Sunderbuns, Assam, and Cachar Grants to rent-free tenures will be found in the Appendix marked (K). The grants are treated as if they were permanently settled at the highest specified annual rate payable under the stipulations of the lease under which they are given, *viz.*, in the Sunderbuns at 2 annas a beegha, and in Assam and Cachar at 6 annas an acre. The Tables shew the actual sum payable in any year of the currency of a grant in order to redeem all future payments and to convert the grant into an absolutely rent-free tenure. The sum payable will be the same, whether the commutation be made early or late in any given year of the currency of a lease, that is, asuming a lease to have been given on the 1st of March, the amount payable for redemption will be the same, whether the commutation be made on the 1st of March of any given year or on the 28th of February of the following year, or at any intermediate date. It will be at the option of grantees to pay the full amount due on the commutation at once, or in instalments under the conditions given in Rule 15. The permission to redeem accorded by these Rules does not in any way affect the obligation of the grantees to fulfil, up to the date of commutation, the conditions on which grants of land in the Sunderbuns, or in Assam and Cachar, have been made under the old Rules. Before a grantee can establish a right to redeem future payments of revenue of the whole or any part of his grant he is bound to shew that he has complied with the conditions on which the grant was made by having cleared the required proportion of the lands comprised in it. Local Officers are therefore not authorized to allow commutations, except in cases in which it has been ascertained that the full area required had been cleared up to the period when the lot was last subject to inspection under the terms of the lease. The Board are, however, vested with a discretion to shew consideration to grantees

who may have been prevented from clearing their lots by circumstances beyond their control, or by difficulties which could not have been foreseen; and they will be prepared, on the Reports of local Officers, to waive the strict fulfilment of the conditions of the grant where the circumstances are such as would have induced them, under the old Rules, to abstain from enforcing the penalty either by total or by partial resumption.

20. All sales of Waste Land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in the form of an extract from Register No. 39 (Revenue Registers), but no sale of Waste Lands once made by a Collector in conformity with these Rules will be disturbed by any higher Executive Authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near towns and stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes are not to be sold under these Rules without the express sanction of the Government. Lists of some of these lands have been published in the *Gazette*.

Until the list of lands to be reserved in a District be published the Collector will reserve *all* forest lands, that is, lands on which valuable timber is growing.

22. In Darjeeling and Cachar the Superintendents in Assam, Chota Nagpore, and the Sontal Pergunnahs, the Deputy Commissioners, and in the Sunderbuns, the Commissioner will perform the duties of Collectors under these Rules.

23. Waste Lands shall not be granted, and the redemption of land revenue assessed upon such lands already granted shall not be permitted, except in accordance with these Rules.

Information has been received at the Admiralty, and is hereby made known for the benefit of Seamen, that although the works in progress for the improvement of Kurrachee Harbour are producing good effects likely to lead ultimately to an easier access to that harbour from sea, and have deepened the bar by 4 to 6 feet, yet that until those works are finally completed, which may not be for another year or even more, it is not unlikely that a less depth by one foot will be found in either of the channels at the entrance of the harbour.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA.

2. Detailed instructions will be issued by His Excellency the Commander-in-Chief for the guidance of Officers serving with Native Corps under the new organization, and the present system of payment of Troops and Companies and for repair of Arms, &c., will continue until a further order is issued by Government on the subject, the same Officers as at present drawing any allowances now authorized for the payment of Companies and repair of Arms.

The new system of placing European Officers in charge of Squadrons and Wings will, in all other respects, be brought into operation as soon as His Excellency the Commander-in-Chief can issue the necessary subsidiary orders.

The Despatch of the Secretary of State having been received by the Right Hon'ble the Governor General on the 30th ultimo increased pay is claimable from 1st September by Commandants, Adjutants, and Doing Duty Officers, as well as Seconds in Command of Cavalry; but when higher pay may accrue from Seconds in Command or others obtaining new appointments, as Wing or Squadron Officers or Quarter-Masters, such increased pay will only become due from the date of Officers assuming charge of the duties of such new appointments under the orders of the Commander-in-Chief.

4. With reference to paragraph 26 of Sir Charles Wood's Despatch instructions will hereafter be issued as to the scale of Office Establishment to be maintained by Adjutants. Meanwhile the allowance of Rupees 50 per mensem will be passed.

6. The rules now laid down are applicable to such Corps under their Excellencies the Commanders-in-Chief of the Bengal and Bombay Armies as now are or may hereafter be placed on the new organization, and to the Punjaub Irregular Force.

Extract, Secretary of State's letter No. 311, *dated* 31*st August* 1863, *paragraphs* 23 *to* 30.

Para.—23. I have given much and careful consideration to these proposals.

24. I am of opinion that the salaries attached to these Regimental appointments should be such as to place them at least on a footing of equality with the average of the Staff appointments commonly held by Officers of similar rank and standing in the Service, and while they should not be so far superior to the latter as to induce those to seek them whose natural tastes and qualifications might not otherwise incline them to this important branch of the Service, it is important, on the other hand, that young Officers, who, on first joining the Staff Corps, will frequently be employed with Native Troops, should not, if naturally fitted for Military Service, be tempted to relinquish it by the attraction of superior emoluments of other Staff employment.

25. With these principles in view, and making due allowance for the advantages enjoyed by Staff Corps Officers in regard to promotion, and the comparatively early period at which they will attain the pay of the higher ranks, I am willing to sanction the scale of Staff allowances proposed by your Government for the Officers serving in different capacities with Native Regiments, which, though liberal, will probably not be found excessive.

26. In the case of the Regimental Adjutant, however, it appears desirable that an Office Establishment should be prescribed, which should be maintained and paid upon Abstracts supported by the usual Muster Rolls.

27. I learn from your Despatch No. 10, dated 3rd January 1863, that you have completed the Native Regiments in Bengal to six regularly attached and paid European Officers, exclusive of the Medical Officers, as announced in your General Order of the 12th December 1862, it being distinctly understood that the appointments made under that decision are held subject to such modifications as may be found necessary on receipt of my further instructions on the general question, and that you have authorized the Government of Bombay to extend the rule to such Regiments in that Presidency as are formed and officered according to the new organization.

28. I approve of these proceedings and shall await the result of your reference to the Government of Madras upon the introduction of the new system into the Army of that Presidency.

29. The scale of salaries now sanctioned will be brought into operation and made to apply in all cases where there is no reduction in the present aggregate salary on the payment due on the 1st of the month succeeding the receipt of this Order.

30. Reductions of salaries effected by this Order are not to be made to affect present permanent incumbents, or those who are officiating for such permanent incumbents being temporarily absent from their duties.
